File No. 200

SUBJECT.

Re-Construction of the Bisle Chattram in the Manjarabad Taluk

Letter No. 601 dated 3rd March 1890 from the Dy Commr. Hassan to

Memo

The Bisle Sreerama Chattram at Arni in the Manjarabad Taluk is situated on the way to Subramanya and it has a fixed Tasdik allowance of Rs. 1044-0-0 per annum or Rs 87-0-0 per mensem as specified below:-

	Monthly
Establishment Cost	Rs 37-0-0
Feeding cost	22-0-0
The cost of rice allowance to the Chattram officials and Nemidars	28-0-0
Total	87-0-0

The particulars of the present Establishment of the Chattram and the rice allowance granted to the same are as shewn below:-

	Pay	Value of rice allowance
Parpathigar --	Rs. 3 - A. 0 - P. 0	Rs. 2 - A. 8 - P. 0
Shanbogue	3 - 10 - 0	2 - 0 - 0
Smarta Vodi	4 - 13 - 0	2 - 0 - 0
Vyasthava - do	4 - 13 - 0	2 - 0 - 0
Smarta Paricharik	3 - 10 - 0	2 - 0 - 0
Vyasthava - do	3 - 10 - 0	2 - 0 - 0
Worshippers	2 - 6 - 0	2 - 0 - 0
Gollar	2 - 6 - 0	2 - 0 - 0
Kamati	2 - 6 - 0	2 - 0 - 0
- - do	2 - 2 - 0	2 - 0 - 0
Sweeper	1 - 0 - 0	0 - 0 - 0
- do	0 - 11 - 0	2 - 0 - 0
Kasamoosari	0 - 11 - 0	2 - 0 - 0
Galegandakshati	1 - 14 - 0	2 - 0 - 0
Anganeyaswami temple in the Chattram (One seer of rice with condiments daily).	0 - 0 - 0	2 - 0 - 0
	37 - 0 - 0	28 - 0 - 0

. There will be feeding at the Pisli Chattram only for a month during the car procession at Subramanya and at other times the establishment is maintained and the feeding allowance is credited to the Surplus funds of the Chattram.

3. A sum of Rs. 2000-0-0 is

is fixed for Bhara-
thar Santarpane or
the feeding of 12 000
Brahmins at the Bisle
Chattram and Subram
manya during the car
festival of the Subram
manyeswara Swami
and this amount is
paid annually from
the Mangalaad Taluk.
There must also be some
savings effected from
this amount.

C.V.

A fixed allowance
of Rs. 581-13-- per
annum is paid to the
temple of Subramanye-
swara Swami at
Uppina Angidi Taluk
South Canara, from
the Mangalaad Taluk
of the Hassan District.

C.V.

Memo

Letter No. 333 dated 10th August 1891 from the Dy Commr, Hassan Dist

---

The Registers of this office shew that there are two Govt Anna Chattrams in the Manjarabad Taluk, viz, one at Bisle called Bisle Sree Rama Chattram and the other at Sakleshpur called Marna-halli Chattram (as it was transferred from ~~the~~ Marnahalli), that the Chattram at Bisle is situated on the Road leading from Mysore, Bangalore and other places to Subramanya, that the

the Chattram at Gaklespur is situated on the Road leading from Bangalore to Mangalore and that both of these Chattrams have Gas-disk allowances as specified below; ——

	Monthly Feeding allowance	Cost of Establishment	Total
Bisle Gree Rama Chattram ——	Rs-A-P. 50-"-"	Rs-A-P. 37-"-"	Rs-A-P. 87-"-"
Marnahalli or Gaklespur Chattram	24-"-"	13-4-"	37-4-"
Total	74-"-"	5-0-4	124-4-"

2. The Treasury Officer's certificate now received shews that the sum at the end of March 91 available for the construction of the main building of the Bisle Chattram amounted to Rs. 7529-2-11 as particularized below. ——

	Surplus — Rs-A-P.	Hashead — Rs-A-P.	Total Rs-A-P.
At the credit of the Pisilé Chattram	6084-10-10	40-5-0	6124-15-10
Do - do - Marudhalli & Gajalakshmipuram Chattrams	826-12-11	480-6-10	1307-3-9
Do - do - Subramanya temple	96-13-4	—	96-13-4
Total	7529-2-11		

3. The Dy Commr now states that the total cost for the construction of the main building of the Pisilé Chattram amounts to Rs. 11647-0

Deduct the amount reported to be now available	7529-2-11
Balance	4117-13-1

4. The Dy Commr now proposes that this balance can be met from the storage of the feeding and Establishment

charges of both the Chattrams for a period of 3 years, viz, at Rs. 124-0-0 per mensem or Rs. 4428-0-0 for a period of 3 years at the aforesaid rate.

5. If both the Chattrams be closed entirely for a period of 3 years ~~the~~ travellers and the Chattram servants may be put to great inconvenience and trouble, especially during the season of Subramanya Jattra.

C.V.

Note:— There are 14 servants in the Bisle Chattram and 5 servants in that of Maranahalli. At present there will be feeding at the Bisle

Chattram only for a month during the car festival at Subramanya and at other times the Establishment is maintained but the feeding allowance is credited to the Surplus Funds of the Institution on account of the construction of a new building. The feeding in the Marumalli at Gaklesapura Chattram is ~~now~~ being conducted regularly and no orders have been issued from this office to stop feeding in this Chattram. The Dy Commissioner's Memo No 239 dated 15th May 91 shews that a sum of Rs. 32/ per month is now spent it is not clear for what purpose this amount is spent monthly.

Deputy Commissioners Office

Hassan district.

Dated: Camp Enggehully 3rd March 1870

From

P. R. Purnaiya Esqr

Deputy Commissioner

Hassan district.

To

The Chief secretary

to the Government

of Mysore.

Sir,

The sircar Chuttram at Beside fell down very many years ago and has not been as yet reconstructed. For several years past temporary sheds, mud and thatch constructions are being put up for the occasion during the Jatra at Subramanya and the pilgrim passengers are fed and sheltered with, as well as circumstances permit. You

are aware that excepting this Chattram
there is no other accommodation
of any sort available for travellers
in that place. It is not simply
in the weeks immediately before
or after Subrahmanya Sasti that
pilgrims frequent the place. Some
or less large numbers frequently pass
through the place on their way to
Subrahmanya throughout the cold
and dry months of the year. It
is only during the months of incessant
rains that traffic ceases. There is
no village near and as the place
is situated in the midst of a heavy
malnad track. The necessity of sub-
stantial shelter is more keenly felt
here than elsewhere. The Chattram

should have been built here long ago but want of funds has been standing in the way. Fairly sufficient funds amounting to 6500 Rs have now accumulated from the savings and the building is not likely to be completed within two years from date of commencement which of course will not be in this season. By that time more money amounting to nearly Rs 300 will be saved and should there be still more wanting the feeding could be stopped till such time as may be necessary for the purpose of accumulating enough of money. Though this may cause temporary inconvenience to travellers the substantial comfort of a building which will

5000
500
5500

Middle Course made Necessitation

[illegible] [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] [illegible] Structures
which amount to nearly £2000. The
work of a building Surveyor the
Chatham servants can attend for
[illegible] the State and Through they
return to live in the State and
are a matter of fact in their
official employment Government
Employee remain in that way, still
in reality they live in Dockyard
Quarters. Now and again
complaints are received from travellers
of inhospitality in the Chatham. But the remedy
for the evil is hard to construct
a municipal Chatham and then

to vanish whom the servants residing
in the place. It is too much, under
it is out of question to expect that
the cooks or other menial servants
will build their own houses. And the
climate of the place does not permit
the construction of cheap houses
or use of weak materials. Foremost
of all it is essential therefore that
a substantial building should be
constructed here providing accommo-
dation both for travellers and the
servants. On these considerations
I have deemed it necessary to lay the
matter before you for the information
of the Dewan and request you will
be pleased to obtain the early sanction
of the Dewan for construction a Chattram

according to the plan and estimate herewith submitted.

V These have been prepared at my request by Mr Srinivasyer an Executive Engineer and answer all the purposes intended. The Chattrum establishment provides two sets of servants one for Madhwas, and another separately for Smarthas. accommodation is accordingly provided separately for the kitchen and dining hall of the two classes. There is more room provided for Smarthas as they form the majority generally. In the centre of the court-yard fronting the entrance to it, a place is provided for the temple as at present There is a Sri Prahlumarayaswamy

and another anjanaya, I believe,
Places there being worshipped and
enjoying a Thasthik also from ever
since the establishment of the Chur
The building will be roofed with
mangalore tiles; the walls will be
built of brick in clay and plastered
over and jungle wood from the ghauts
will be extensively used. A suite of
rooms is provided in the left side of
the Quadrangle to be placed at the dis
posal of the travellers who could fur
themselves with their own food but
who only require a seperate and
be place. In the front row two
rooms one on either side of the
one sehapath for stores and ah

extremity a room is available for
gentlemen requiring it. The frontage
is made to look ornamental without
any additional cost and as a whole
the plan is eminently suited to meet
all requirements.

2. Outhouses for servants are also
similarly well suited for the purpose
and may be taken up after Chattram
building is finished.

4. The amount of the estimate
is large but considering the sanctity
of the shrine, the inclemency of the
climate of the country on the way,
the inhospitality or the inaccessibility
of the roadside villages I beg the
Dewan will be pleased to accord
his sanction for the construction

of the building as now solicited.

5 I should not omit to mention that the temple in Subrahmanya is very liberally endowed by the Maharaja. There is a monthly Shasdik disbursed from the Mysore Treasury in addition to the annual allotment of Rs 2000 for the feeding of 12000 Brahmins.

I have the honor to be

Sir

Your most obedient servant

M Duncan

Deputy Commissioner.

General No. 13578

No 378

His Nos 601 and 172 dated 3^rd March and 8^th July last submitting plans and estimate for the reconstruction of the Bisle Chattram in the Manjarabad Taluk.

Referring to the abo has the honor to obser that the amount of estimate is 13,812 whereas the funds available are state

---

na; not be debited to the Public Works Deptt.

3. To enable Govt to form an idea of the length of time during which feeding will have to be stopped in order to allow of the necessary funds accumulating, the Dy Comm^r will report the amount of the savings per annum which such stoppage would yield, also the amount of savings which have accrued out of the annual allotment of Rs. 2000/ for Bara-hazar Sanitarium at Bisle Chattram & Subramanya and the amount of Surplus Funds at the credit of the Subramanya Swami

to be Rs 6500/ only.

The Dy Commr is requested to report whether the estimate cannot be reduced by dispensing with or deferring one or more of the following structures for which provision has been made in addition to the Chattram proper viz, :—

(1) Out Houses or lodgings for Chattram servants.

(2) Store rooms.

(3) Two separate rooms for officers and gentlemen.

2. The Dy Commr will also enquire whether the cost of the two rooms ast mentioned as (3)

Swami temple at Subramanya in South Canara. The Treasury officers' certificates should be obtained in support of the amount which may be thus reported to be available.

4. The plans and estimate are returned for needful reference and return.

Sir

With reference to Govert
Pros dated 16th July 1892 No 42
Sanctioning the construction
of Bisle Khatrum, I have the
honor to State that the
cannot be undertaken by
Revenue Department, as
only is the amount of
large, but the work requires
professional Supervision in
which respect the Rev;
is not at all profeny eq
Besides the locality is very

away from District Head Quarters being about 50 fifty miles at least and constant inspection which will be necessary will interfere with the Criminal and other work which the Asstt Commissioner in charge of Irrigation Department has to perform. It is very difficult to procure labor and materials in that place, and work cannot be finished under three years at the least. Even the Amildar cannot do justice to the responsibility as he cannot visit it as frequently as may be necessary, his Head Quarters being about 28 miles. There is a Sub Division Officer P. W. in charge of the Taluk who has the charge of the Bisleghat Road. At no

distant date will a heavy
estimate for the improvement
of this road and for constructing
an Iron Bridge in the road
across a jungle stream at
a large cost be sanctioned:
The D. P. W. local agency will
as a matter of course be strengthened. Under these circumstances the Executive Engineer
is the fittest officer to take
charge of the work and I
am sure Mr. Nagarkar
feel interested in the work
also, as he had originally
a great deal to do with the
that road. I propose req-
uiring him to undertake
the work with the sanction
of the Chief Engineer - I
feel obliged if you can

address the Chief Engineer
desiring him to authorize
the Executive Engineer to
take up the work.

I have the honor to be,

Sir,

Memo for modifications Kisle Chatteram.

Original design.	Modified proposals.
	Executive Engineer's Office Hazara Division 14th January 1895.
1) The whole measures. 137½ × 95⅜ feet.	At now measures. 116¼ × 76¼ feet. Two room 10 × 7 each in the and one room in breadth of the original plan were cut down to suit the site for the
2) The width of front block was proposed to be made 15 feet and the centre wall shifted a little on one side.	The width has now been 15½ feet so as to place the exactly in the centre to the ridge and to dispense collor beam trusses.
3) Mud walls were provided for all cross walls.	Kirk in chunam walls provided for cross walls a very few.
4) Inside Verandahs had no dwarf walls.	To prevent rains beating in — dwarf walls are now provided for on Monsoon sides.
5) Kitchens were placed close to the Temple.	These are now proposed to be placed at the corners.
6) Trusses were not provided for at corners to support roof	These are now included.
7) Brick in clay walls are sanctioned at low rates.	Brick in mortar walls are provided being suitable for the locality.
8) Doors are of Junglewood.	They are to be made of Teak.

1) Wooden posts simply rest on top of basement unconnected at top with the walls. ——

(10). Height of basement is 2 feet.

These are to be buried 2 feet into masonry basement so that they may carry girders supporting the roof.

It is now made 3 feet.

To

The Secretary to the
Government of Mysore
Mysore Department

Sir,

In submitting for your information a revised plan and estimate for Rupees 23,870/- for the construction of a new Chattram at Bisle in the Manjarabad Taluk, has been prepared and forwarded to Chief Engineer, I have the honor to observe that the original sanctioned estimate was for Rs. 12,175/- so that the present revised estimate exceeds the original by Rupees 11,695. The present Executive Engineer disapproves of the original chiefly for two reasons viz, (1) that it provides very low rates - so low that all efforts to procure labour in a difficultly situated and isolated malnad place like Bisle have failed and (2) that the original design is in some of its engineering details and quite unsuited to the climate of Bisle. The estimate

estimate provides for constructing the
and superstructure with burnt brick in clay
. topped with one foot of burnt brick in mortar,
basement being only 2 feet high and the doors
windows of jungle wood. The present
Engineer is of opinion that the basement
be 3 feet high and the revised estimate
for the basement and superstructure
brick in mortar and for doors and
teak wood. He thinks that nothing short
pucka masonry and well seasoned teak
will stand the climate. A copy of the
Engineers memo of the proposed modifi.
showing the relative advantages of the
estimates is herein enclosed for your
-tion

2. The site of the old Cathedral is
smaller than the original plan of the
building. The dimensions in the modified
plan have been somewhat reduced so
not only to suit the site, but to reduce
cost of the pucka building as far as
keeping the main features of the original desig
in

in fact

3 The Executive Engineer informs that nothing could be done hitherto for want of arrangement. The work was advertized and Tenders called for soon after the receipt of sanction to the original estimate, but none were received. Attempts were made during the past two seasons to carry out the work - either through piece works or by departmental agency but they failed owing to the very low rates and the difficult situation of the work, where all kind of labour has to be - imported.

4. As I quite agree with the present Executive Engineer and the opinion that Kislé requires a pucka building to withstand the climate, I request that you will be pleased to obtain the sanction of Government for the revised estimate. With regard to the question of funds, I beg to state that the savings effected by the stoppage of feeding till the building is completed will amount to nearly Rs 17000/- inclusive

inclusive of Rupees 12,175 the amount of the sanctioned estimate and I propose to the balance of Rupees 5695 from the Surplus Fund of the District. The feeding Dâk Bungalow will be stopped till the amount thus borrowed is recouped from savings effected.

The chattrum is the sole shelter this high road to Subbramanya. If a permanent building is to be it will in the long run be more to make it as substantial as possible using first class materials. Though initial outlay may be large, frequent are avoided and rapid deterioration need feared. Such has been the case with the at Limpati. As it is but five that should be saved, the estimate may sanctioned. I think, since that money saved within two or three years.

I have the honor to be
Sir
Your most obedient Servant

From,

A Krishnaswamiengar Esqre
Deputy Commissioner,
Hassan District.

To,

The Secretary to the
Government of Mysore
Munsarai Department
Bangalore.

Sir,

With reference to your docket No. 828/Mn 4.38-95, Dated 5th February 1896, I have the honor to forward Treasury certificates of balance at the credit of the Bisle and Mamahalli Chatrams. The total amount of funds available is thus seen to be only Rs. 1499-9-4

2 ——— The early construction of the Chatrams is highly desirable in the interests of the vast number of pilgrims who flock to Subramanya, and are constantly complaining of want of accommodation and the s-
of feeding. The District Munsarai
Hein

Officer, who had been to Subbra
in November last has reported on
these facts after personal
and strongly urges the early com-
-mencement of the work.—

3 —— It seems, therefore, in-
-expedient to raise the
amount by stopping
which indeed the Chalkram was
primarily intended. At the same
time, the present practice of
diverting for the use of the Boisé
Chalkram a portion of the supplies
intended for the Subbramanya
Drug, has been vehemently
to by the Swami, as has been re
-ported to Government already.

4 —— In consideration of the
importance and wide utility
the Chalkram (which is the ough
-ing place for travellers between
Gallespir and Subbramanya, a
distance

distance of over 50 miles), a special grant to make up the balance necessary to complete the building is greatly to be desired. If this cannot be done, the feeding has to be stopped for a further period of ten years or longer the yearly feeding grant being only 1047 Rs. If the whole of the balance cannot be granted, one half of it at least may be, the other half being lent from the General savings of the Muzarai Department to be recouped by stoppage of feeding for the needful period.-
